

AVIVO CF 40, 50

DESCRIPTION

High performance heavy duty engine oil blended with refined base oils and additives to impart a high degree of detergent / dispersant, anti-oxidant, anti-wear and anti-foam characteristics.

PERFORMANCE STANDARDS

Meet or surpasses the requirements of the following classifications or standards:

1. API CF
2. Allison C4

BENEFITS

1. Excellent control of corrosion and piston deposits in heavy-duty diesel engines.
2. Good thermal stability that prevent oxidation
3. Maintain excellent control of oil consumption

APPLICATIONS

Suitable for use in a wide range of diesel engines including both naturally and turbo-charged, in all service conditions. The oil is also use in older diesel calling for API CD, CC performance level.

TYPICAL SPECIFICATIONS

SAE	40	50
Kinematic Viscosity, cSt		
@ 40°C	155.0	217.7
@ 100°C	15.18	18.75
VI	97	96
Flash Point, PMCC	235	240
Pour Point, Deg C, max	-9	-9
TBN	10	10
