

AVIVO FULL- SYN SM/CF 5W40, 5W50

DESCRIPTION

Fully synthetic engine oil designed with the latest additives system which exceed industry's tough standards and outperform all conventional oils. It is engineered to maximize engine life by controlling deposits and protecting against wear under severe service conditions

engine scuffing and bore polishing thus extend engine life

3. Minimize oil consumption under severe condition through viscosity retention
4. Excellent low temperature capabilities which enhances quick cold weather starting

BENEFITS

1. Excellent thermal and oxidation stability preventing deposits and sludge build up to enable long engine life.
2. Outstanding high shear/high temperature performance reduces

APPLICATIONS

This oil is recommended for all types of modern vehicles including high performance turbo-charged and super-charged passenger car, SUV and vans under the vehicles manufacturer's recommendation

TYPICAL SPECIFICATIONS

SAE	Test Methods	5W40	5W50
Kinematic Viscosity, cSt @ 100°C @ 40 °C	ASTM D445	14.0 88.0	17.5 113
VI	ASTM D2270	164	171
Flash Point, COC, DEG C	ASTM D92	Min 200	Min 200
Pour Point, Deg C, max	ASTM D97	-36	-33
TBN, mgKOH/gm	ASTM D2986	7	7
